## Will Eliminate Dangerous Grade Crossings.

At a meeting of the Bourbon Fiscal Court Friday a proposition submitted by the Louisville and Nashville road providing for underpasses at the railroad crossings at Escodida and Austerlitz stations on the main line of the road between Paris and Winchester was accepted. The railroad company is double tracking the line from Paris to Winchester which necessitates a number of changes in the roadbed, and it was proposed to the court that a permit be granted to do away with the dangerous grade crossings at these points.

Judge Dundon presided at the meeting with the following magistrates present: L. J. Fretwell, R. H. Burris, J. J. Redmon, B. F. Stipp, O. B. Lloyd, John N. Shropshire and G. K. Redmon. The matter to the court the railroad company agrees to make all the necessary changes in the construction of the underpasses, meet all of the expenses and to drain the roads well at the points mentioned, replacing them in their proper condition, without any expense to the county.

A proposition submitted by the railroad company to the court in regard to changing the course of the Paris and Clintonville pike at the King farm near this city was rejected. A committee of the regular crossing the company proposes to construct a concrete arch at Escodida which will be sixteen feet wide and twelve feet in height. In order to provide a proper grade for the railroad tracks it will be necessary to lower the grade of the pike at that point from one to two feet.

In order to get proper headway the pike at Austerlitz will be lowered a distance of three feet and the railroad company proposes to construct two concrete abutments with suitable tops about fifteen feet apart. In premittee appointed to investigate the changes in the pike near the King farm was instructed to have a survey and profile made of the proposed changes. The committee was instructed to acquire as much of the land of the owner of the King farm as may be necessary to change the course of the road from the present owner, but in event they could not secure the land by purchase condemnation proceedings should at once be entered.

After the transaction of the regular routine business it was decided to observe January 13, the birthday of General Robert E. Lee, by having a public meeting. Elder W. E. Ellis will be the speaker for the occasion and an elaborate dinner will be served the Confederate veterans. Mrs. C. C. Leer was made chairman of the dinner committee for this occasion while Mrs. W. T. Talbot will act as chairman of the entertainment committee. An interesting report of the State Convention, U. D. C., held at Louisville was presented at this meeting.

George Thompson, formerly employed in the Louisville and Nashville yards in this city in the capacity of foreman of a yard crew, was badly injured in an accident Friday afternoon at a point on the Lexington and Eastern road, when he was knocked from the top of a freight car upon which he was riding and sustained a fractured skull.

Thompson resigned his position in the Paris yards about two months ago and was breaking on a Lexington and Eastern freight when the accident occurred. Recently he moved his family from Paris, where he resided, occupying a residence on South Main street. Thompson was taken to a Lexington hospital following the accident where he was subjected to a trepan operation.

The awful list of injuries on a Fourth of July staggers humanity. Set over against it, however, is the wonderful healing by Bucklen's Arnica Salve, of thousands, who suffered from burns, cuts, bruises, bullet wounds or explosions. Its the quick healer of boils, ulcers, eczema, sore lips or piles. 25 cents at Oberdorfer's.

### How to Get the Best Mules

There is need for a greater use of draft horses in the South for the production of mules. The draft mule is common in the South, but when his history is written up it will be found that he was born in Missouri, Illinois and Indiana; was raised in Kentucky and Tennessee and spent his mature years in the Carolinas, Georgia, Alabama, Mississippi and Louisiana.

Light to medium weight draft mares with plenty of quality produce the highest priced mules on the market today. The lightweight draft mares weighing from 1,400 to 1,600 pounds can be bought for less money on the Northern markets than the weighty trotting or saddle bred mare. It consequently is a question of economics to use the draft mare with quality to produce our mules. That the draft mare produces the highest type of mules is shown by the fact that nearly all of the highest priced mules on the market are evidently from draft mares. Blue ribbons on mules at the State fairs in the last few years have always gone to the mules that were out of draft mares. There has been in this respect an entire change from the practice that prevailed a few years ago when ribbons were tied on the light and more or less fine boned mules.

A Des Moines man had an attack of muscular rheumatism in his shoulder. A friend advised him to go to Hot Springs. That meant an expense of \$150 or more. He sought for a quicker and cheaper way to cure it and found it in Chamberlain's Liniment. Three days after the first application of this liniment he was well. For sale by all dealers.

### "ROBIN HOOD" COMING TO LEXINGTON.

A musical and operatic event of the first magnitude is announced for the Lexington Opera House, Thursday, January 2, when the De Koven Opera Co., composed of many of the foremost grand and light opera stars of the country, will be heard in an elaborate revival of "Robin Hood." The famous opera by Reginald De Koven and Harry B. Smith, which for twenty-two years has been the recognized American light opera classic.

The De Koven Co., of which Daniel V. Arthur is the managing director, was brought into existence in order to revive the glories of opera comique and restore to the American stage a style of entertainment which in these days of song and dance has almost disappeared from view. The plan contemplated a company of artists who should gradually develop a repertoire of light opera, and was planned on the same scale which has made the opera comique of Paris an internationally famous institution. Mr. De Koven, being the prize mover in the enterprise, and one of America's foremost composers, was asked to head the company. As a further compliment to him, his own opera, "Robin Hood," one of the most popular operas of this or any other day, was selected as the first production of the new company.

Grand opera stars of international fame were engaged for the company, and with an all star cast and a gorgeous scenic investiture and picturesque costuming, "Robin Hood" was revived at the New Amsterdam Theatre in New York last spring, with phenomenal results. For six months the opera, which had already been sung nearly ten thousand times in all parts of the globe, drew capacity audiences. The profits were limited only by the seating capacity of this enormous theatre. Then the De Koven Opera Company inaugurated a tour of the principal cities, with the cast unchanged. In spite of the enormous expense of moving one hundred and ten people, of paying a salary list of nine thousand, two hundred dollars each week, together with the colossal expense of a special orchestra, "Robin Hood" has been presented in some half dozen cities, and in each case the music loving public has shown its appreciation of this remarkable offering. It is a grand opera production, yet is given at prices within the range of all.

This presentation of "Robin Hood" is unquestionably the greatest of all revivals of the nation's light opera classic, and it is safe to say that never again will the music loving public have the opportunity of hearing such a remarkable cast in any light opera at less than grand opera prices. The prices will be \$2.50 and \$2 on the lower floor; \$2, \$1.50 and \$1 in balcony. The sale of seats will open Tuesday morning, December 31. Mail orders accompanied by remittance and self addressed envelope will receive prompt attention.

## Are the Fly and Mosquito Dangerous?

The fly, with spongy feet, collects the invisible germs of disease, spreads them over our food and poisons us with typhoid and cholera. The mosquito with its bite injects into our veins malaria and yellow fever. The bacteria of consumption, or grip, are everywhere present for us to breathe into our lungs. The blood which flows through our veins and arteries is our protection. It should contain healthy red and white blood corpuscles—capable of warding off these disease germs. Dr. Pierce's Golden Medical Discovery is a blood medicine and alterative, made entirely without alcohol, a pure glyceric extract of bloodroot, golden seal, Oregon grape root, queen's root, mandrake and stans root, which has enjoyed a good reputation for over forty years. The refreshing influence of this extract is like Nature's influence—the blood is bathed in the tonic which gives life to the blood—the vital fires of the body burn brighter and their increased activity consumes the tissue rubbish which has accumulated during the winter.

M. MAGUIRE, Esq.

"About forty years ago while in Newark, New Jersey, I had chills and fever," writes Mr. Maguire, of National Military Home, Kansas. "I went to Kansas City and in the spring of 1877 the chills and fever returned. Doctors and everything I tried failed to do me good. Finally I saw Dr. Pierce's Golden Medical Discovery advertised. I took one bottle of it and the chills vanished. In about a year afterward I felt them coming back so I got another bottle and have never had any symptoms of fever or chills since. That is all of twenty years ago for I had the chills about twelve years before I started to take 'Golden Medical Discovery'."

## FRUIT

### For The Christmas Tree.

[From Educator Monthly.]

It blooms and bears at best but once a year. The pity of it is that for thousands it bears never at all. But in those homes where the lights flash over the tree and its fruit of love and loving preparation, the day is a whole year of joy. But outside are those thousands who have never had one. And the thought comes upspringing, "Will these who are happy in the Christmas Tree now, ever be among those thousands that have none?"

Well, life insurance takes care of the joys of a home as it does of its necessities.

The Christmas Tree that is planted in a life insurance policy, and hung with life insurance policies, will bloom perennial in the home. It provides the necessities for the grownups, from Mother down to the Baby. It easily provides the passing things that render happy the boys and girls. Any Father with a light heart and an easy mind can build his own future on the happiness of the Life Insurance Christmas Tree, as he sees the glow of it in the eyes and feels it in the hearts of those he loves.

"Mutt and Jeff," a real comedy with real music, the kind you like to hear and the sort you'll whistle on the way home, comes to the Grand tonight. Gus Hill sends the big two car show with 45 clever people, singers, dancers and comedians, including 25 cute little girls, half of them "squabs." A magnificent scenic production, including the steamship "Insurgent" in South American waters will be seen, not forgetting "Mutt and Jeff," the inimitable laugh producers, who are constantly in evidence except when a breathing spell is necessary, then a catchy musical number is introduced.

## Will Have Hearing in Newport Today.

W. J. Dempsey, son of Mr. and Mrs. James Dempsey, of this city, will have a hearing at Newport today answering to a warrant charging that he failed to turn over to the Adams Express Co. certain sums of money obtained as sub agent for the company. The Cincinnati Times Star of Thursday night contained the following:

"W. J. Dempsey, druggist at Sixth and York street, Newport, will have a hearing before Magistrate Kan Hutchison, December 24. Kenton Sanford, Newport agent of the Adams Express company, made affidavit to a warrant for his arrest. It is alleged he failed to pay over money obtained as sub-agent for the sale of money orders for the company. The amount involved is \$500. The accused druggist declares that a mistake has been made and that he will be able to offer a satisfactory explanation when the case is called. He stated Thursday that he has receipts to show for all money orders placed in his possession. He has been acting as the company's agent for a number of years."

It is the hope that Mr. Dempsey will succeed in making a satisfactory explanation in regard to this matter and his many friends here are of the opinion that this will be possible. He is a young man very popular, honorable and highly esteemed, and it is more than probable that a mistake has been made.

Mrs. Anne Davidson, the venerable mother in law of Mr. S. E. Mrs. Davidson, who is seventy-eight years of age, had been ill for several days suffering from an attack of grip. Some time during the night she arose from her bed when the accident occurred and was not found until Saturday morning. Mr. Borland, who went to her room to inquire about her found her lying on the floor suffering intensely from the injury. While she is resting comfortably at this time fear is expressed that the accident may have a fatal result owing to her advanced age.

**Dramatic Club Organized.**

The first steps toward the organization of a dramatic club in this city were taken Thursday night when a meeting of those interested in the movement was held at the Elk building and plans formulated.

Acting upon the plan suggested by the recent home talent show given in this city for the benefit of the hospital, the initiative was taken by several of the leading members of the company which produced the play. The organization of such a club, it is calculated will have the effect of increasing interest in local dramatic circles and will eliminate the foreign element that has invaded the city on previous occasions, getting up entertainments, taking away a large per cent of the receipts, when with a local organization of this character, much of the money could be kept at home.

There were a number of those interested in the plan present at the meeting which was held Thursday night and the number included several ladies all of whom were much enthused over the prospects for the early perfection of the organization.

By a unanimous vote, Mr. Reuben Hutchcraft was chosen as manager of the club, Harry Booth, business manager, and Harry Saloshin, director.

**Negro Arrested Here.**

George Thomas, a negro residing at Riddles Mills, this county, was arrested Saturday night in this city on information received from the police department of Lexington that he is wanted in that city on a larceny charge.

Thomas is well known to the police of this city, having been implicated in several robberies and was under indictment in the Circuit Court for killing one of his relatives. The offense committed in Lexington was the theft of a number of hides which were later recovered, but Thomas eluded the officers and made his escape.

The negro was taken into custody at the corner of Eighth and Main streets, submitting to arrest quietly but when Patrolman Link started to jail with him he aimed a blow at the officer with his fist, which missed its mark and in an effort to escape ran up Eighth street to the corner of Pleasant where he slipped and fell. Following in close pursuit the officer was soon upon him and landed him in jail.

It is also believed that Thomas is wanted in Mayville. He will be held awaiting the arrival of the Lexington police.

**Barn Burned.**

A barn of the farm of Clark Barnett on the Hume and Bedford pike, near this city, was destroyed by fire at an early hour Friday morning together with its contents. The barn contained a large quantity of farming implements and feed. The origin is unknown. Mr. Barnett's loss will amount to \$1,500. He carried no insurance.

**Nice Sum Raised By Church.**

A neat sum to assist in wiping out the debt overhanging the Baptist church, was raised Sunday following the close of the morning services and the spirit of enthusiasm displayed by the members of the congregation gives evidence that within the next year the church will be free from debt.

At the close of the services it was announced that an offering would be taken to assist in liquidating the debt and the hope was expressed that a sum of \$500 would be pledged for this purpose.

Following a canvass of the membership it developed that the sum of \$650 had been raised for the purpose, \$150 in excess of the amount asked. The indebtedness of the church on Sunday morning was \$3,800, and the amount subscribed reduces this figure to \$3,150. It is the hope of the officers that the church will be free from indebtedness by January 1, 1914.

**Fine Whiskies.**

Place your order early for the finest whiskies and wines in Paris with T. F. Brannon.

**Be satisfied, buy from Winners.**

**Keeping Money at Home.**

When you go into a local store and buy goods from a local merchant you do not get only the goods. You get thrifty town, the schools which your children attend, the churches which preserve the moral atmosphere of the community, the things you enjoy and use, which you and the merchant pay for in common.

You could send the money to some other town and get the goods but you can't get the other things, and even if you think the price is smaller it is larger in the long run since you get less in return for your money.

The more you spend at home the more attractive will your town be to the coming generation and the more pleasant to yourself in your old age. If you have friends here is where they are. When you make a rover of your money you make a rover of your children and yourself. You make your town a poorer place in which to live instead of a better one.

Friday morning at 6:45 o'clock fire was discovered in the carriage and blacksmith shop of Taylor and Bowling, and in a few minutes the entire building was in flames. It looked at one time as if Millersburg would be swept with another destructive fire. The building with its contents, a stable belonging to Mr. E. B. Taylor, a small stable, the property of the Louisville and Nashville railroad, are a total loss.

The training and feed stable of McIntyre & Turner, which is just north of the blacksmith shop, was on fire several times. Had the stable burned and the large frame warehouse adjoining it there is no certainty where it would have stopped as there was a south wind blowing at the time. The origin of the fire is unknown. Everybody left the building about six o'clock Thursday. Mr. Taylor says there was nothing of a combustible nature about the place, all the doors had been securely fastened. After the fire was discovered it was found that the back door had been opened. It is the supposition that some tramp had slept there during the night. The firm had received a consignment of six new buggies within the past few days. There were also other vehicles, tools, supplies and dressed lumber in the building. The loss of Taylor & Bowling is estimated at \$3,500 with an insurance of \$1,200. The loss on the other buildings will not exceed \$500. The firm has recently purchased the blacksmith shop of G. W. Johnson and J. C. Fightmaster.

The fire may temporarily interfere with the arrangements of the firm, however it is safe to say that they will be doing business in the next two weeks and the property will be rebuilt as early as possible.

**Mayor Triumphs Over Enemies.**

The attempt of the Winchester City Council to force the resignation of Mayor James A. Hughes, of Winchester, came to an abrupt but amicable end Friday following the filing of an amended petition in the Circuit Court by the Mayor in his suit to enjoin the Council from removing him. Seven members of the Council signed an agreement that they would withdraw the charges upon which the resignation of the Mayor was demanded at the next meeting of that body, and one other Councilman, J. D. Jones, the lone Republican member, it is known, will also sign it. The agreement signed by the Councilmen was as follows: "The undersigned members of the City Council accept the statement and explanation of the Mayor and agree to withdraw all charges against him at the next meeting."

The signers are J. W. Wheeler, C. B. George, J. W. Scobee, John Lawrence, S. A. Lipscomb, Dr. M. S. Browne and H. B. Schriener.

**Elope To Paris.**

Mr. Debert A. Jones and Miss Minnie Wilson, a youthful couple, eloped to this city from Muncie, Ind., and were married yesterday morning at the residence of the officiating minister, Rev. E. M. Lightfoot, on Pleasant street.

The couple left their Indiana home Saturday, the bride coming to Kentucky ostensibly to visit relatives during the holidays. She was met at Cincinnati by Mr. Jones and together they came to Paris yesterday morning.

They presented themselves to County Clerk Paton yesterday morning asking for a marriage license but owing to their youthful appearance the official declined to issue the license until an affidavit as to their legal age had been made. The license secured they went to the home of Rev. Lightfoot, where the ceremony was performed.

**Another Suspect Arrested Here.**

A negro giving the name of Tom Smith, but believed by the police to be Joe Sheppard or "Big Boy," wanted in Clark county for complicity in the murder of Deputy Sheriff George M. Hart, in Winchester recently, was arrested yesterday morning about 11 o'clock at the Louisville and Nashville passenger depot by Patrolman Fred Link.

When taken into custody the negro had in his possession a 32 calibre automatic revolver and a large number of cartridges. Marks of identification found on the negro correspond exactly with those of Sheppard, which strengthens the belief that the negro is the last of the quartet which perpetrated the outrage, sought by the police.

The negro arrested was six feet tall, weighed about 200 pounds and had a heavy scar extending from the right eye to the lip and a scar on the right side of the neck beneath the ear.

When questioned the negro denied having any connection with the murder of Hart, stoutly protesting his innocence. He said for the past few days he had been employed with a construction gang at Austerlitz, but prior to that time had been working with a construction gang out of Lexington.

The negro was lodged in jail and the Winchester officials notified of his arrest. Yesterday afternoon Sheriff Brock, of Winchester, came to Paris and returned with the prisoner to that city last night.

According to the statements of a number who have seen the negro he compares in many respects to the man who has been so long sought by the police.
